

APS Pro

Applicant Processing System

SCREENING - SELECTION - ORGANIZATIONAL DEVELOPMENT

HR Professionals and Recruiters are facing increased pressure to hire highly qualified individuals.

- **APS Pro Saves Processing and Interview Time.**

Today, when a large pool of the unemployed combine with 21% of those who are currently employed but seeking new opportunities. . .

*. . . **a job posting can produce scores of applications.***

Just reviewing applications has become a daunting task. Traditional resume based screening techniques are time consuming and impractical. Processing is often slow causing the most qualified applicants to respond to more timely offers.

- **At last - Freedom from Resume based Hiring!**

The APS Program handles the preliminary screening and interviewing and even job suitability testing for you!

Select top candidates from an easy-to read report. Focus effort on just those who deserve your attention.

Best of all our APS Program is simple, easy to use, and we'll even handle the set-up for you including a direct link from your web site or a job board page custom branded for your Company.
