

Success Factor Analysis™

Designed as an Organizational Development tool, the Success Factor Analysis (SFA) provides outstanding levels of insight in Pre-employment or Post-hire Performance Appraisal Formats.

Easily and quickly you can:

- Identify people who are well suited to the job.
- Understand how they will "fit" into your organization.

The (SFA) Success Factor Analysis:

- First choice of leading Consulting Firms.
- Is "Custom Configured" for each and every position in your company.
- Rates and ranks overall suitability to the job.
- Compares the examinee to successful people in the same type of work.
- Uses 367 comparative databases to ensure outstanding accuracy.
- Can "Merge" with other assessments for an "in depth" analysis.
- Lists an individual's strengths and weaknesses.
- Includes complete development text including work-style.
- Clearly lists "Areas for Improvement."
- An on-line workbook is provided as an on-boarding program for new-hires or to use as a development tool for existing staff.
- The SFA shows how to hire and train people who are worth the effort.
- Specific formats for Management, Sales, Executives, and Staff.
